

Hostel Policy

All residents are expected to maintain discipline, respect fellow occupants, and follow the hostel timings. Noise levels should be kept low, especially during study and sleeping hours, to ensure a peaceful environment for everyone. Visitors are allowed only during approved hours and must be registered at the reception desk.

Residents are responsible for maintaining cleanliness in their rooms and common areas. Damage to hostel property caused intentionally or due to negligence may result in penalties or recovery charges. Consumption of prohibited substances, possession of dangerous items, or involvement in unlawful activities within the hostel premises is strictly forbidden.

The hostel administration reserves the right to conduct inspections to ensure compliance with safety and hygiene standards. Failure to follow hostel rules may lead to warnings, suspension of hostel privileges, or eviction depending on the severity of the violation. Residents are encouraged to report maintenance issues or concerns promptly to the management.
